

Careers

Dentons GmbH is continuously growing. Be a part of it.

Do you have the right mix of talent and ambition?

We need to see a strong record of academic achievement. We accept candidates who have completed an intermediate diploma or bachelor's degree in economics or business, with a particular focus on the major subjects of auditing, accounting and/or controlling or taxation.

Ideally candidates will have already gained some relevant practical experience during other traineeships or in a commercial apprenticeship.

It is essential that our students/trainees have excellent spoken and written German and English skills in order to communicate fluently and efficiently.

Thank you for considering Dentons. We look forward to receiving your application.

Find all our job offers here (available in German).
